RIPA

José Luis Ripa Sáenz de Navarrete has seen the ins and outs of Rioja and knows its wine making history like no one else, having worked for many years with some of the most reputable houses in the region (full disclosure, he is married to Maria Jose Lopez de Heredia).

After seeing the many facets of the business he decided to create a label and make his own wine, a classic Spanish Aged Rosado from vineyards grown on one hectare in the Najerilla Valley, in Rioja Alta, which gets released with a little bit of bottle age.
