MY
merayo

In 2010, after having dedicated the previous 20 years to the recovery and maintenance of his vineyards—not to mention a lifetime to winemaking—Pedro Merayo established Bodegas y Viñedos Merayos. The Merayo family has always been strongly linked to the world of wine and they have owned one of the most important wineries (Bodegas Merayo, closed c. 1989) in the region for decades. However, in the late 1980’s, Pedro Merayo decided to take time off from winemaking to concentrate his efforts on the care and maintenance of the family vineyards.

After the great changes of the late 1990’s, including the creation of new wineries and the modernization of existing ones in the context of an international market, the family decided to return to its roots.
